CRITERION – VII
INSTITUTION VALUES & BEST PRACTICES

METRIC NO.	7.1.5
METRIC NAME	<i>Green Campus initiatives</i>

7.1.5 QnM Green campus initiatives include

The institutional initiatives for greening the campus are as follows:

1. Restricted entry of automobiles

On every Saturday students and staff use bicycles, electronic bikes and no petroleum vehicles are allotted in campus. Awareness programme organize for students and staff for restriction on entry of automobiles.

2. Use of Bicycles

The college is continuously promoting our students for using bicycles, Students are using bicycles and battery powered vehicle in college for to and fro movements. As the college is situated near main road and at the central place of the town, students can easily commute to the college. The public transport facilities of state Transport (ST)buses run by the Gadchiroli depot. These are low cost, eco-friendly transport options used by the students. As the students of nearby rural area are concerned, most of them are admitted in the boys and girls government Hostels some of them reside in the rental rooms, nearby the college and remaining students are provided the bonafide certificate in order to help them to get the travelling pass from the State Transportation authority easily for their daily transportation.

3. Pedestrian Friendly pathways: Yes, there is pedestrian friendly pathway in campus, in morning and evening peoples of town used for walking.

4. Ban on use of Plastic

Following the directive from the state government to completely ban the plastics usage, our college have already taken steps and are in the process of finding ways to totally vanish plastic from the campus and also advising students to say no to plastic in campus. For this, college organises awareness programmes of no plastic in campus.

5. Landscaping with trees and plants: -The college has eco-friendly and green campus with variety of flora and Herbal Medicine Garden. It helps to maintain the cooling effect during summer also. The internal area has greenery and a number of plants with landscaping with trees.

With reference to this the various activities like tree plantation, plastic free campus etc. has been arranged. The role doesn't stop here only; the NSS is taking care of planted trees and their survival. The Green army organizes awareness programmes on environment in collaboration with NSS. The college supports various green initiatives such as less use of paper, promoting the use of ICT and reducing e-wastages

CAMPUS BEAUTIFICATION COMMITTEE
2022-23

The college has Campus Beautification Committee which aims to improving & maintain greenery in the college premises. The composition of the committee is as follow:

1. Dr. V. I. Kahalkar - Co-ordinator
2. Dr. V. P. Gorde - Member

Herbal Garden:

Gadchiroli is rich in varieties of medicinal plants. The medicinal and aromatic plants of the Gadchiroli district are invaluable biological resources, closely associated with health care, traditional and culture. Since olden days, man has been using plants to diseases and some of these traditional medicines still included as part of the habitual treatment of various problems. The medicine is made available via natural health care practice such as tribal knowledge, home herbal remedy and Ayurveda. These plant have been grown or collected for thousands years, and the traditional knowledge about the plants and their uses have been handed over by word of mouth from generation to generation. According to world health organization (WHO), more than 80% of the world population relies on traditional medicines for their primary treatments needs.

Due to increasing export demand, dependence of the local people on the herbal flora and their understood faith in the old traditional of Ayurvedic medicine would go a long way in exploiting the wild plants for commercial return and expanding research activities to gain productive result. Hence overharvesting, loss of habitat, increasing urbanization and decrease forest area have been causing irreversible loss of medicinal plant population in the wild habitat, resulting in decline in the volume of raw materials. Plants of medicinal significance such as Hirda, Bhuineem, and Tarota etc. are exported illegally. A significant part of knowledge and traditional is currently being eroded due to modernization and availability of alternatives. Therefore, it is urgent to hammer young minds to realize the fascinating knowledge and tradition associated with these resources and help them understand the immense potentials local wild medicinal plants posses for the future.

Objectives:-

1. To encourage and promote Herbal Garden in colleges and provide students an opportunity to work closely with herbal plants.
2. To educate college students in identifying different types of herbs and their uses including growing them in garden.
3. To maintain the greenery through plantations in the college campus.

Every human being needs oxygen to survive and Trees are the best source of oxygen. In addition, plants also reduce CO2 levels. We are all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects. The Environment Study Centre, Eco-club & Green Army, Botany Department, NSS Unit of Mahatma Gandhi Arts, Science and Late N. P. Commerce College organized "Tree Plantation" programme on the occasion of birth anniversary of late Wamanrao Wanmali, President of Manoharbai Shikshan Mandal was celebrated as "Prerna Diwas" by Mahatma Gandhi Arts, Science and Late N. P. Commerce College, Armori on 14th July 2022 at Wadasa- Armori road under the Guidance of Dr. L. H. Khalsa Principal of college and planted more than 30 plants. Manojbhau Wanmali Secretary of Sanstha motivated the staff and the students to take care of the saplings so that they grow into healthy trees. A number of students including office bearers of institute, Wanmali family and Principal and college staff participated in this event.

Saplings planted, meritorious students felicitated

■ District Correspondent
 GADCHIROLI, July 17

THE birth anniversary of late Wamanrao Wanmali, President of Manoharbhai Shikshan Mandal, was celebrated as 'Prerna Diwas' by Mahatma Gandhi Mahavidyalaya, Armori the other day.

Secretary of Sanstha Manojbhai Wanmali presided over the programme while Sunita Vanmali, Vice President Nurallibhai Panjavani, Former Panchayat Samiti Chairman Ashok Wakade, Harishchandra Bondre, Deepak Behre, Dhananjay Wanmali, Principal Lal Singh Khalsa, Principal Dr Sainath Adalwar were prominently present.

Speaking on the occasion, Wanmali said that inspired by Father of the Nation Mahatma Gandhi and Rashtrasant

Manoj Wanmali, Dr Lalsingh Khalsa and others present at the tree plantation.

Tukdoji Maharaj, Wamanrao Wanmali created the institution in a very adverse situation and nurtured it with great effort. "The sapling of education planted in the rural areas by him is now turning into a big tree. This is due to the efforts of every member and employee of the Sanstha. If we continue to receive the cooperation, then the organisation can progress and develop further," he hoped.

The birthday celebration was started by distributing fruits to the patients in the rural hospital. After this, various medicinal plants were planted in the area of Kalimata temple on Wadsa road by the office-bearers of National Service Scheme.

Environment Study Committee and Green Army. Different types of saplings like Chinch, Awla, Behala, Ritha, Arjun, Bahawa etc. were planted.

Ashok Wakde, a social worker, who reached the post of the Chairman of Armori Panchayat Samiti was honoured with the 'Inspiration Award'. Meritorious students of class 10 were also felicitated with memento, cash prizes and certificates. Manoj Vanmali assured that the sanstha will take care of the poor students and their education. Dr Lal Singh Khalsa, made an introductory speech. Gondane conducted the programme. Sainath Adalwar proposed a vote of thanks. A large number of people including office-bearers of the institute, Wanmali family and the principal and college staff participated in this programme.

8) Event Outcomes :- Through this activity students will be understand the tree clean the climate by absorbing carbon dioxide from the environment and releasing oxygen. The trees cool the environment through their leaves by absorbing the sun heat, provide the food and shelter.

Name of Portfolio Department : Environment Study Centre

Annual Report Year : 2022-23

Format of each Activity/Programme

Name of Activity :- Plastic awareness campaign

- 1) Date/Duration of Activity :- **2nd September 2022**
- 2) Name of Collaborative Dept./:- Environment Study Centre, Eco-club & Green Army and Botany Department
- 3) Objectives :- To eliminate plastic pollution from campus and create awareness of environmental issues among students.
- 4) No. of teachers participated :- All staff
- 5) No. of students participated :- 59 in this activity
- 6) **Description of activity in brief :-**

Plastic is synthetic organic polymer that is widely utilized in different uses, such as textiles, water bottles, food packaging, medical supplies, technological goods, etc. Plastic has evolved into an essential and multifunctional product with wide range of qualities, chemical composition and application over the previous three decades. Although plastic was initially thought to be harmless and inert product, many years of plastic dumping into the environment has resulted in several problems. Plastic waste pollution is now widely recognized to be a major environmental burden, particularly in the aquatic habitat where the biophysical break down of plastics has been long term negative effects on animal. Therefore, environment study center organized Plastic awareness campaign in association with Eco Club and green Army on 2nd September 2022 where students of Mahatma Gandhi Arts, Science and Late N. P. Commerce college, Armori took the initiative to educate students and public on importance of minimizing use of plastic bags and single use plastic products. They informed them that plastic bags are non-biodegradable waste products that choke drains and sewers causing water logging that further acts as breeding ground for mosquitoes that cause diseases. The motto of this programme was to make plastic free campus and spread message in society and students to avoid the use of plastic.

Dr. Vasanta Kahalkar, Chief of Green Army Dr. Vijay Gorde and Head of Geography Prof. Parag Meshram, as well as Dr. Chhagan Mungmode, Dr. N. N. Meshram, Dr. Manoj M. Thaore, Dr. Vijay Raiwatkar, Prof. Anil Raut Prof. Sunil D.

Chute, and students were present for the success of the plastic-free awareness program.

बुधवार दि. १४/०९/२०२२

महात्मा गांधी महाविद्यालयात प्लॅस्टीकमुक्त पर्यावरण परिसर विषयावर जनजागृती

तालुका प्रतिनिधी,
आरमोरी, दि. १२ : स्थानिक महात्मा गांधी कला, विज्ञान आणि स्व.न.पं. वाणिज्य महाविद्यालय आरमोरी येथे महाविद्यालयाचे प्राचार्य डॉ. लालसिंग खालसा यांच्या मार्गदर्शनाखाली पर्यावरण अभ्यास समिती व ग्रीन आर्मी यांच्या संयुक्त विद्यमाने प्लॅस्टीकमुक्त पर्यावरण यावर जनजागृती करण्याच्या उद्देशाने परिसरातील तसेच प्रत्येक विभाग, वर्गाखोल्यातील विखुरलेले प्लॅस्टिक गोळा करण्यात आले व त्याची विल्हेवाट लावण्यात आली.
 यावेळी उपप्राचार्य डॉ. चंद्रकांत

डोर्लीकर, आय.क्यु.ए.सी. समन्वयक डॉ. नोमेश मेश्राम, डॉ. वसंता कहालकर आणि डॉ. विजय गोरडे यांनी प्लॅस्टीकमुक्त पर्यावरणाचे महत्त्व विद्यार्थ्यांना पटवून दिले तसेच प्लॅस्टीकमुक्त होण्याच्या दृष्टीने असणारी पर्यायी व्यवस्था प्लॅस्टीक नष्ट करण्याच्या

संदर्भातील व्यवस्थापन, प्लॅस्टीक टाकून प्लॅस्टीक व्यतिरिक्त असणारे विविध पर्याय आणि त्यांचा केला जाणारा सुयोग्य वापर याविषयी विद्यार्थ्यांना उद्बोधन केले.
 या उपक्रमाद्वारे प्लॅस्टीक मुक्ततेचा संदेश देण्यात आला. यावेळी महाविद्यालयातील प्राध्यापक

व विद्यार्थ्यांनी 'प्लॅस्टीक हटाओ, जीवन बचाओ', 'स्वच्छ राष्ट्र बनाना है, घर घर से प्लॅस्टीक को हटाना है, 'सगळे मिळून शफथ घेऊया पृथ्वी स्वच्छ व सुंदर करूया, असे नारे देऊन प्लॅस्टीक मुक्ततेचा संदेश दिला व परिसरातील नागरिकांची जनजागृती केली.

प्लॅस्टीकमुक्त जाणीवजागृती उपक्रमाच्या यशस्वीतेसाठी पर्यावरण अभ्यास समितीप्रमुख प्रा.डॉ. वसंता कहालकर, ग्रीन आर्मीचे प्रमुख प्रा.डॉ. विजय गोरडे, भूगोल विभागप्रमुख प्रा. पराग मेश्राम, डॉ. सीमा नागदेवे तसेच महाविद्यालयातील सर्व विभागाचे प्रमुख, सर्व प्राध्यापक व बहुसंख्य विद्यार्थ्यांना सहकार्य केले.

9) Event Outcomes :-

Through this activity the students will be able to bring awareness and sensitize the students and society about ban on plastic especially single use plastic and reduce the use of plastic in college campus.

- 1) Date/Duration of Activity :- **16th September 2022**
 - 2) Name of Collaborative Dept./:- Environment Study Centre, Eco-Club & Green Army and Geography Department.
 - 3) Objectives :- To spread awareness among the students about the depletion of the Ozone Layer.
 - 4) No. of teachers participated :- 04 in this activity
 - 5) No. of students participated :- 105 in this activity
 - 6) **Description of activity in brief :-**

Every year on 16th September, the International Day for the Protection of the Ozone Layer, also known as World Ozone Day, is celebrated around the world. 197 countries signed an agreement on this day 35 years ago to phase out the use of chemicals that harm or degrade the ozone layer. This year the theme announced by the UN Environment Programme for International Day for the Preservation of the Ozone Layer 2022 is Global Cooperation Protecting Life on Earth.

On the Occasion of World Ozone Day, Environment study Centre, Eco-Club and Green Army and Geography Department Jointly Organized Ozone Awareness Programme for college students. Around 105 students were present on World Ozone Day, the Chief guest of the programme Dr. Vijay P. Gorde addressed on the effects of Ozone - Depleting chemicals on the environment, efforts done to restore the ozone layer, and how we can help to save the ozone layer as well as past and current scenarios of the ozone layer.

Prof. Parag S. Meshram, Head Department of Geography talked about “What is ozone layer and its Importance” and appealed the students to avoid or minimize the use of insecticide, pesticides and use bicycle.

Dr. Vasanta Kahalkar conducted the proceeding and Prof. S. M. Sontakke proposed a vote of thanks.

 - 6) **Description of activity in brief :-**

World Wetland Day (WWD) is celebrated every year on 2nd February to commemorate the signing of the International Treaty, 'Ramsar Convention on Wetlands - 1971' for the conservation of wetlands at the global level. Celebrating this occasion of WWD-2023 the Environment Study Centre, Green Army- Eco-club, Department of Botany and Department of Geography Mahatma Gandhi Arts, Science and Late N. P. Commerce college, Armori organised programme under the World Wetland Day- 2023 theme Wetland Restoration. The main objective of conducting the programme was creating an awareness on benefits of wetland, ecological role of wetlands, importance of wetlands.

The programme was started with an introductory speech by Dr. Vijay P. Gorde Assistant Professor Department of Geography "An Overview of World Wetland Day and Importance wetland". In his speech he emphasized on water bodies play important role to maintain ground water level and In next Chief guest, Dr. Vasanta I. Kahalkar, Assistant Professor Department of Botany delivered a talk on "Aquatic Biodiversity of Eastern Viderbha Region". In his presentation showed various lakes and wetland of this region and unique flora and fauna grow and depends upon these wetlands and create the awareness among the students regarding the conservation of wetland and forest for future. He focused the need for keeping ecological balance for that it is very essential to protect the aquatic plant diversity and bird species of our country. Majority of animals and birds depends on wetlands for their living. He suggested the importance of wetlands and the need to protect it. He also suggested the need for maintaining ecological balance for the proper existence of the whole world. Dr.

C. P. Dorlikar Vice Principle, he conclude and appeal with students to conserve the water bodies, plant diversity, birds species and keep away from the pollution.

Dr. V. P. Gorde conducted the proceeding and proposed a vote of thanks. Faculty member P. S. Meshram, Dr. C. D. Mungmode and students were present.

7) Geo-tagged photos of activity :-

8) Newspaper cutting of activity :-

9) Event Outcomes :- Through this event students understood wetland play a vital role in maintaining many natural cycle and supporting a wide rang of biodiversity. They purify and refill water, provide a fish and rice that feed many people.
