Objective of the Activity	1. To understand the intensity of infection and its symptoms and precaution. 2. To avoid infection from illness by getting proper and reliable information from time to time.
Brief Description: All information has been given by Dr. R. N. Chavhan to the volunteers on WhatsApp group and through direct mobile phone. Peoples understand the importance of social distancing and other preventive measures prescribed by the government with good attitude for coronavirus. Peoples are following trusted sources for corona information, having confidence to defeat disease but showed their concern for corona threat, are aware about the virus, its common symptoms and prevention, govt. testing and medical facilities. Since lockdown was imposed to avoid spread of Covid – 19, we cannot contact physically to peoples. Therefore, students and faculty made the awareness videos and posted it on YouTube and circulate it on various WhatsApp groups to create awareness.
