

UNNAT BHARAT ABHIYAN (UBA) REPORT-2019-2020
MAHATMA GANDHI COLLEGE ARTS, SCIENCE AND LATE N. P.
COMMERCE COLLEGE, ARMORI, DISTRICT- GADCHIROLI (M.S.)

has adopted Five Villages under Unnat Bharat Abhiyan 2.0.

(ASHE Code-C-18355)

The details are as follows:-

ACTIVITY (1): Tree Plantation Drive. (July 2020 – October 2020).

Name of Activity: “Each one student plant one tree” and plantation on barren land. Tree plantation in adopted villages and 905 saplings planted in and around the village forest, uncultivated and barren land.

Area of Plantation: Palora- Antarjee Road, Open barren land, adopted Village Antarjee, Kasavi and Palora, College campus, Near Old ITI Armori. Near Tasar regional centre and remaining sampling planted at students residing villages. Programme was conducted under the guidance of Principal Dr. L.H.Khalsa.

Activity was organised with the cooperation of NSS department. Dr. G. M. kadhao, Prof. Seema Nagdeve, Prof. Satendra Sontakke, Dr. C. P. Dorlikar, Dr. R. M. Thombre, Prof. M. K. Ramteke, Prof. Parag Meshram, Dr. Vijay Gorde, Dr. C. D. Mungmode, Dr. Manoj Thaware, Prof. D. M. Ghonmode, Dr. R. V. Ghonmode and Prof. Sunil Chute were cooperated this activity in great success.

Need of the Activity: Inhabitants of the adopted village are much unknown about the tree. Even though their life is totally depends upon agriculture. For the good yields rain water is essential components. Hence we arranged tree plantation drive in villages and nearby areas. We conduct general meetings with the **Sarpanch Shri. Watgureji** with following purpose to complete our target to achieved 905 saplings plantation and conservation by involving the local inhabitants. Importance of tree plantation has been stressed upon time and again. The need for tree plantation has become even greater these days because of the growing pollution in the environment. Tree plantation involves transplanting tree seedlings to grow forests and spread greenery around. There are a number of reasons why the process of tree plantation is important for the environment. Tree plantation is good for the environment. Everyone knows that trees are the source of oxygen. They inhale carbon dioxide and exhale oxygen without which the survival of living beings is not possible on earth.

Apart from inhaling carbon dioxide trees also absorb various harmful gases including sulfur dioxide and carbon monoxide and also filter harmful pollutants from the atmosphere

Principal
Mahatma Gandhi Arts,
Science & Late
N P Commerce College,
Armori, Dist - Gadchiroli

thereby providing us fresher and cleaner air to breath. The growing amount of air pollution caused by the smoke emitted by vehicles and factories can be controlled only if we plant more and more trees. However, this is not the only reason why tree plantation is important. It offers several other benefits. Some of the top advantages of growing trees include:

- Providing fruits and leaves that serve as food for birds, animals as well as human beings.
- Maintaining bio diversity.
- Providing wood, rubber and other raw materials that are used for manufacturing various goods such as furniture, doors, windows, utensils, stationary items and decorative items.
- Conservation of water.
- Habitat for birds and animals (**Trees Are a Boon for the Birds and Wild Life**)
- Climate Control.
- Preservation of soil (**Importance of Tree Plantation for Landscaping**)

Importance of Tree Plantation for Forestry

- Even though trees offer so many benefits and are extremely important for maintaining the ecological balance, we are cutting these ruthlessly. Tree plantation is essential to compensate for this loss.
- **Trees Exhale the Life Giving Oxygen:** - A famous quote reads, "Imagine if trees gave off Wifi signals we'd be planting so many trees, we'd probably save the planet. Too bad they only produce oxygen we breathe". It is sad how we have grown so accustomed to technology that we overlook the harmful impact it is having on our environment. Not only is the use of technology destroying nature but it is also separating us from the same.

More and more trees must be planted if we really want to survive and lead a good life. Besides exhaling oxygen and inhaling carbon dioxide, trees also absorb other harmful gases from the environment thus making the air purer and fresher. The greener the tree the more oxygen it shall produce and the more toxic gases it will absorb.

The pollution level these days is rising high. The only way to fight it is by growing more and more trees. The areas that are surrounded by trees, for instance, villages and forests boast of a cleaner environment. This is because these are less impacted by the pollution. On the other hand, the urban residential and industrial areas have poor air quality due to the growing pollution and lesser number of trees around.

Conclusion: - Even when the importance of tree plantation is so evident, there are only a handful of people who actually take it as their responsibility to indulge in this activity. The

Science & Late
N P Commerce College,
Armori, Dist - Gadchiroli

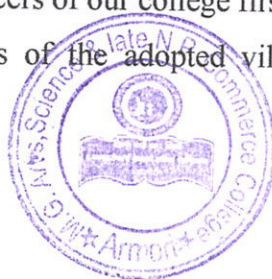

rest are so engrossed in their lives that they do not understand that without enough trees around we wouldn't be able to live long. It is time we must recognize the importance of tree plantation and contribute our bit towards the same.

ACTIVITY 2: Swachhata Hi Sewa And Plastic Free Village Campaign

Name of Activity: PLASTIC AWARENESS OR SAY NO TO PLASTIC.

Need of the Activity: We know very well that, today villagers are unknowing uses plastic carries bags, bottles and plastic domestic use cups & glass etc. They are unknown about its effects on living being hence such activities are needful for the betterment of the society and other life servive. Along with the NSS volunteers of our college first we clean up the road side area and collected plastics from the houses of the adopted villagers, they give positive

Principal
Mahatma Gandhi Arts,
Science & Late
N P Commerce College,
Armori, Dist - Gadchiroli

responses after understanding about plastic use and their harmful effects on healthy life. We arrange awareness lectures for them.

We organized Cleanliness Drive under Swachh Bharat, Swasth Bharat Abhiyaan Programme on the occasion of Gandhi Jayanti from 11/9/2019 to 2/10/2019) The main purpose of this programme was to create awareness among the students regarding Cleanliness and its benefits. Under this programme, all the students from second year and third year graduate level NSS volunteers of the college had to participate. Even teachers were the essential part of this drive. As a part of this Cleanliness Drive, we had to clean the whole college, village and colonies. The sweepers of the college had to be the observers.

Our Principal started the programme by cleaning the corners of the play ground. Then the teachers and students followed suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms. And others went to the play ground and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the school hall. There we were given refreshment in the form of chiwada, banana and biscuits.

Thereafter our Principal delivered the speech telling us the importance of sanitation. He also honored the sweepers of the school for their noble job. In the end we all took oath of keeping our home, locality and city clean and especially plastic free. It was a unique experience for all of us. We were curious to be the part of this great drive that could have transformed the face of our country for ever.

The program started with the introduction of volunteers and organizing team followed by presentation about the plastics and its impact upon human health and environment. Students were amazed knowing that plastics are made of petroleum product and gases found in earth. The two way communication between the presenter and the students gave outstanding result in terms of learning and sharing knowledge. Moreover, students became clear about the effects of plastics on human health and how it affects our body like endocrine glands causing obesity, heart disease, male genital abnormalities, cancer, autism and what not!. We organised rally from main road and end at statue of Mahatma Gandhi in Gujari ward, our institute president Mr. Kishorbhau Wanmali, Mrs. Nrayanrao Sorte, Mr. Dipakji Behere and others were present and took oath of keeping our home, locality and city clean and especially plastic free village.

We save our environment from poly bags. Amazing feedbacks as, minimization of plastics, using eco bags like jute bags, paper bags, cotton bags, were heard from the students. The enthusiastic mass showed more of their concern after knowing the 3R Principles, i.e.,

Principal
Mahatma Gandhi Arts,
Science & Late
N P Commerce College,
Armori, Dist - Gadchiroli

reduce, reuse and recycle. Students and villagers learned how they can create awareness to save our environment from plastic bags as well.

Positively concluded the three and a half hours program thanking the entire institute management and college students for the support throughout the program and certainly with an advice, "Plastic Bags, Just say NO ". The program ended after the group photo-session.

The overall program was more fruitful. The concern of the NSS volunteers and teachers towards the campaign made it more prosperous. Moreover, we saw the perspective change within the students throughout the program. The volunteers seemed glowing with the response. If not more, we are sure that those volunteers would be responsible citizens who care for the environment and reduce use of poly bags as we do.

My special thanks for Swachhata hi sewa and plastic free and fit India campaign organized jointly with the Nagar parishad and Nehru Yuva centre Armori. They provide Ghantagadi (Kachara Gadi) and Swachhta servants and Swachhata doot,

Importance of Cleanliness Drive:

Indians gained freedom under the leadership of Gandhiji, but his dream of a clean India is still unfulfilled. Mahatma Gandhi said "Sanitation is more important than independence". He made cleanliness and sanitation an integral part of the Gandhian way of living. His dream was total sanitation for all. Cleanliness is most important for physical well-being and a healthy environment. It has bearing on public and personal hygiene. It is essential for everyone to learn about cleanliness, hygiene, sanitation and the various diseases that are caused due to poor hygienic conditions. The habits learnt at a young age get embedded into one's personality. Even if we inculcate certain habits like washing hands before meals, regular brushing of teeth, and bathing from a young age, we are not bothered about cleanliness of public places. Mahatma Gandhi said, "I will not let anyone walk through my mind with their dirty feet."

Gandhiji dwelt on cleanliness and good habits and pointed out its close relationship to good health. No one should spit or clean his nose on the streets. In some cases the sputum is so harmful that the germs infect others. In some countries spitting on the road is a criminal offence. Those who spit after chewing betel leaves and tobacco have no consideration for the feelings of others. Spittle, mucus from the nose, etc, should also be covered with earth.

Cleanliness gives rise to good character by keeping body, mind, and soul clean and peaceful. Maintaining cleanliness is the essential part of healthy living because it is the cleanliness only which helps to improve our personality by keeping clean externally and

Principal
Mahatma Gandhi Arts,
Science & Late
N P Commerce College,
Armori, Dist - Gadchiroli

internally. Cleanliness, personal hygiene, good sanitation provides a clean college environment for the students to keep them in good health and safe.

Cleanliness Drive under UBA in adopted villages

UBA- AISHE Code: C-18355

Facemask	750 made by college and distributed in and around the Armori area.
NSS-UBA involvements	125 NSS-UBA volunteers made mask in their home town and distributed among the society
Beneficiary	Mask distributed to 1500 inhabitants from the Armori, and adopted villages by college.
Total mask distributed	750 (by College) + 1500 (by NSS volunteers) = 2250 (Two thousand two hundred fifty)
Aarogya setu app	05, officers downloaded the app
Aarogya setu app	45 NSS-UBA volunteers downloaded app till date 25/5/2020
Aarogya setu app	25 NSS-UBA volunteers understood about the app and insist to others for download
Aarogya setu app	125 people inspired by NSS volunteers to download the app
Grain distribution	35 NSS-UBA Volunteers participated in their home town in grain distribution activity
Grain beneficiary	125 families
(ST) beneficiary	65 families out of 125 families
Grain quantity	600 kg distributed
Participation	200 NSS-UBA Volunteers participated in COVID 19 Awareness programme.
Beneficiary	5000 peoples benefitted of about awareness programmes
Health survey	45 NSS-UBA participated
Blood donation	05 NSS-UBA volunteers donated blood during lockdown period (22 March-26 May 2020)
Quiz competition	Yes, NSS-UBA department organized quiz competition Programme.
Other Quiz	M.G. C. Armori –Department of Zoology & Computer organized quiz competition
Other college (Quiz)	200 NSS-UBA volunteers actively participated in quiz against COVID 19 awareness
IGOT training	35 NSS-UBA volunteers participated
IGOT	25 trained
U-TUBE (Training)	75 NSS-UBA volunteers actively participated, training was in Marathi language
Kaivalya foundation	55 NSS-UBA volunteers actively participated (Grandma/Grandpa care programme)
Distribution	200 NSS-UBA volunteers participated in sanitizers and soap distribution programme
Video forward	02 Mask making Videos forwarded
Inhabitants videos	01 mask making video of villagers forwarded
Brief information	Health and hygiene survey, plastic free village, Tobacco awareness programme, alcohol addiction programme, cleanliness drive arranged by volunteers in their home town.
