FOREWORD

It is universally acknowledged fact that the spirit of competitive examinations and Course of Library and Information Science has caught the imagination of the student community in general so much that these examinations and Courses have become a popular vehicle to achieve the goal of securing employment in several reputed organizations. But this widespread enthusiasm has been dampened by the dearth of good quality books, especially in the subject like Library and Information Science, that can cater needs of the students. This laudable work of Dr. Kishor N. Wasurke., Dr. Anil M. Chahande., Dr. Ramesh H. Sontakke & Dr. Ramanik S. Lengure, has come at an appropriate time to alleviate the hardships and the handicap of those students who are desirous of taking Degree of Library Science and the Competitive Examinations in the field of Library and Information Science.

I am quite confident that this book will meet their high expectations and receive their critical acclaim and whole-hearted appreciation. The dedication and dynamism with which Dr. Kishor N. Wasurke., Dr. Anil M. Chahande., Dr. Ramesh H. Sontakke & Dr. Ramanik S. Lengure has attempted to frame and compile the Information, can be felt when one endeavours to make a journey through the pages of this engrossing book.
